Dimmer

Wired

Phase dimmer. Power supply 110/240Vac. 1 output for dimmable LED bulbs and leading/trailing edge dimmable LED drivers. Minimum power 4 W, max 150W. 2 settable wired inputs, including a specific one-hour fade function. (Only wired)

Code	MCU-DM150/C
Power supply	110-240 Vac
Output	1 x Min 4 W - Max 150W Dimmable LED bulbs Leading/Trailing edge Drivers
Function	Dimmer
Programmable parameters	Timer On, Fade On, Fade Off, Last intensity value memory, Minimum intensity value.
Input	2 NO push buttons
Protection rating	IP20
Working temperature	-20 +55 °C
Dimensions	52x43x21 mm
